

12 April 1963

MEMORANDUM FOR: Comptroller

ATTENTION:

25X1

SUBJECT: Proposed Agency Legislation

1. Although the cost figures which you developed last year for General Carter's testimony before Chairman Carl Vinson and the House Armed Services Committee on H. R. 12923 (Central Intelligence Agency Act amendments of 1962), may still be appropriate, I would appreciate your review of them for use in updating the DDCI's briefing book. Further, it will be necessary to have cost estimates on Title I, and I would appreciate your assistance.

2. With regard to the cost of the items set forth in Title I of the proposed act, it would be my expectation that the cost could be treated as a single item which relates to the updating of the Agency "officer and employee allowances and benefits" authorities. Nonetheless, I believe it desirable to have a detailed breakdown available to the DDCI for fielding such questions on detail as may arise during the hearings.

3. I am attaching an additional clean copy of the bill forwarded to the Congress on 15 March for your reference.

SIGNED

JOHN S. WARNER
Legislative Counsel
